

Requisition Form for High Performance Liquid Chromatography
(Analytical Waters HPLC, model code 515, Column- C18)

Form No.
(For official use only)

Date: ../../.....

1. Person details:

Name of Researcher:

Institute/ Address :

.....

Phone : Email:

2. Sample Details:

Sl. No.	Name of sample	Nature of sample	Quantity (ml)	Standard provided (Y/N)

3. Instrument Details

1	Sample preparation Steps: (Attach separate sheet)	
2	Program of runs	
3	Mobile Phase Composition (Acetonitrile, Acetic acid, Methanol and Water HPLC grade)	
4	Isocratic or gradient, if gradient then provide gradient program	
5	Detection Wavelength(s)nm; Flow rate.....mL/min.

Signature
(Name of Scientist)

Forwarded by
Director ICAR- NBAIM

Note:

- Please submit the completely filled form to Director, NBAIM.
- The slots will be allotted on first come first serve basis.
- Acquired data will be sent through Email.
- Filter your sample through **0.2µm** (preferable)/ **0.4µm** filter prior to acquisition.
- Minimum 1 ml of test sample and standard (HPLC grade) @ 1mg/ml is to be provided.
